

Airdrop

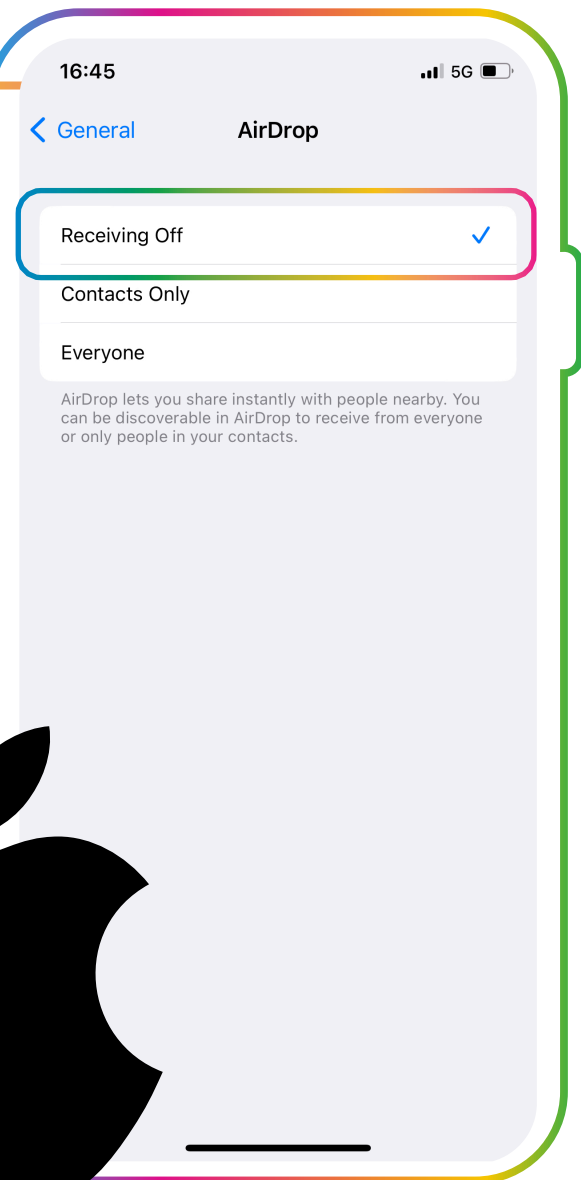

Airdrop is a system which allows for the transferring of data, such as images or videos, over wifi and Bluetooth on.

Stay Safer on Apple Devices by following the instructions below:

Enable Privacy Settings

- Open settings, scroll down and tap on **General**.
- Scroll down and select **Airdrop**.
- Select from the three options **'Receiving Off'**, **'Contacts Only'** and **'Everyone'**.

(We DO NOT recommend keeping your settings on 'Everyone' all the time!)
